On the Course with Doyle

Happy New Year. After a wonderful holiday I look forward to a new year with a refreshed opportunity to continue to improve upon the course. Last year we made it through the summer months without any significant damage that can occur such as drought, insects, and disease which has left us better prepared for the rest of winter as well as a head start with spring transition as opposed to years past. Everyone has contributed to improved turf health greatly with better golf cart driving habits and this is appreciated tremendously by us and the turf. The plan to spray pigments has proved to be a challenge due to the turf turning off color after several heavy frosts. The amount that is now needed to cover the leaf surface has increased to a level that makes it no longer cost effective therefore from this point forward we will only be doing select areas of the golf course.

This month we will continue to chase leaves around and keep them removed as often as possible. The main item on the agenda for this month is irrigation repair. We continue repairing leaking sprinkler heads and valves as well as relocating some sprinkler heads for more optimized coverage. Lastly, we will continue to treat the course for poa annua. Due to some rather windy weather last month there was very little spraying done so we will be working diligently to finish this project. Thank you and have a great month.

Please Call Ahead for Tee Times

Straight from Carl's Desk

I hope everyone enjoyed their holidays and hope that you are ready for a new year. We are looking forward to a great and exciting 2021 at The Country Club.

We don't have any events that will affect tee times this month. If you plan on playing golf, please call ahead for a tee time. Just because you play every Thursday at 10:00 does not mean that you will be able to play.

We need your help. We are allowed to have two players per cart once again. We know everyone has enjoyed being able to ride in a cart by yourself, but we will require everyone to ride with someone. Unfortunately, the golf course does not like it. Golf carts do more damage to the course than anything else. **If you elect to ride by yourself, you will have to pay the single rider surcharge of \$5. If we see you riding by yourself when you could have rode with someone else, we will charge you the single rider fee of \$5 on your account.** We need to reduce the amount of carts on the course, for gas usage and wear on the carts and the course as well. Thank you for your help, understanding and cooperation.

The Country Club will go for sale by online Auction from February 8th and end on February 10th. If you, or someone you know, would like to register as a bidder please reach out to Carl and he can give you the instructions.

Please help Doyle out by **KEEPING THE CARTS OFF THE FAIRWAYS & GREEN SLOPES** as much as possible! Golf cart traffic causes more damage than anything else on a golf course. This is a very important time for the golf course and we need your help! We thank you for your cooperation.

When buying something from the pro shop on your account or Carl Bucks, please make sure the pro shop attendant records it properly. It is real hard for them to remember who it was that made the purchase and what it was they bought. Thank you in advance.

If you ever have an issue with something, please don't hesitate to come and see me. If I am not around, please call my cell phone, 623-2833. I always look forward to talking to all of you. We thank you for your cooperation and support.
